

- Para placas com largura de 67,8mm
- Para trilho DIN TS35/TS32

- For 67.8mm width PCBs
- For TS35/TS32 DIN rails

Código de compra / How to order

SP7-E30

Vide tabela
Check the chart below

Modelos / Types

SP7-F

Pé fêmea
Female holder
9mm

SP7-M

Pé macho
Male holder
9mm

SP7-E05

Espaçador
Spacer
5mm

SP7-E15

Espaçador
Spacer
15mm

SP7-E20

Espaçador
Spacer
20mm

SP7-E30

Espaçador
Spacer
30mm

SP7-E45

Espaçador
Spacer
45mm

SP7-C

Tampa
Cover
<1mm

Características gerais / Characteristics

Material / Material	Poliamida 6.6 / Polyamide 6.6
Cor / Color	Preto / Black
Espessura máxima da PCI / PCB maximum thickness	1,6mm

Como especificar / How to specify

Especificar os acessórios para montagem de placas de circuito impresso é muito fácil, basta dividir o dimensional total da placa pela soma do dimensional dos acessórios conforme figura ao lado.

Specify the accessories for assembly of printed circuit boards is very easy, is enough to divide the total dimension of the plate for the addition of the dimensional one of the accessories in agreement appears to the side.

9mm	5mm	15mm	20mm	30mm	45mm	9mm
SP7-F	SP7-E05	SP7-E15	SP7-E20	SP7-E30	SP7-E45	SP7-M

Exemplos / Examples:

Para montar uma placa de circuito impresso de 43mm utilize:
For assembly 43mm PCB use:

SP7-F SP7-M SP7-E05 SP7-E20
9mm + 9mm + 5mm + 20mm = 43mm

Para montar uma placa de circuito impresso de 88mm utilize:
For assembly 88mm PCB use:

SP7-F SP7-M SP7-E05 SP7-E20 SP7-E45
9mm + 9mm + 5mm + 20mm + 45mm = 88mm

Para montar uma placa de circuito impresso de 14mm utilize:
For assembly 14mm PCB use:

SP7-F SP7-E05 SP7-C
9mm + 5mm + 0mm = 14mm
